Workshop

Interdisciplinary Aspects of Biomolecular Modelling

26th June 2019
ula G10, settore didattico, via Golgi 19, Milano

The goal of the workshop is to consolidate the collaborations among the many groups that work in the field of quantitative biomolecular modelling, and to foster new collaborative projects.

Invited speakers
Giorgio Colombo (University of Pavia)
Alessandro Contini (Dept. of Pharmaceutical Sci.)
Ivano Eberini (Dept. of Pharm. Biom. Sci.)
Giulio Pavesi (Dept. of Biosciences)
Stefano Pieraccini (Dept. of Chemistry)
Sergio Rossi (Dept. of Chemistry)
Giorgio Valentini (Dept. of Computer Science)
Giulio Vistoli (Dept. of Pharmaceutical Sci.)
Stefano Zapperi (Dept. of Physics)

Organising committee
Laura Belvisi (Dept. of Chemistry)
Carlo Camilloni (Dept. of Biosciences)
Guido Tiana (Dept. of Physics)
